

# **Steve Brown**

*By Jerry Koch*

***Steve was among the friendliest of the guys I've known. Always a smile, maybe a joke, and he certainly gave the impression you were the most important person to him in that moment.***

***Steve had a niche in the league; he was a fine pitcher, and a lefty. He was among the first to promote our moment of prayer before each game, and when his team was called on to lead, he offered words of faith and encouragement for all who played that evening.***

***Now and then I'd see him in his work truck, tending to LP&L matters in the park near my home. Chatting and laughing with Steve made my day.***

***We all will miss him.***
