	<b>Question: Most effective learning aspects of course</b>
	The video lectures were most effective.
	He is very engaging and I love how he incorporates real life scenarios and topics in the lecture material. He tells a story and makes the content exciting to learn about. I also like how he would give the essay prompts in the lecture video so it forced us to watch them all the way through.
	The video lectures helped to reiterate the content.
	<b>Question: Least effective learning aspects of course</b>
	N/A
	Nothing was not effective.
	N/A
	<b>Question: Additional comments about instructor</b>
Koch	This is by far the best class Ive taken! I enjoyed the video lectures and study materials. Dr. Kochs approach is creative and relatable. Thank you for an awesome Summer II semester!
Koch	I have had Dr. Koch in another class but in person, and he is by far one of my favorite professors here at Texas Tech. He is engaging, loves teaching, which is reflected by the way he lectures, and seems to truly care about each and every one of his students. I wish he taught all the classes I needed here!

Koch	I appreciate that there were some topics that were hit hard. I have gone through similar things at school like bullying, etc.

	<b>Question: Most effective learning aspects of course</b>
	The lectures were engaging and easy to follow along with.
	Media presentations added an interesting extra layer to the course.
	Personal engagement between professor and student with caring questions regarding prompts and also kept material relevant to a wide variety of students
	Dr. Koch posted online lecture videos which contained so much useful information. Normally I'm not fond of taking online courses because they can be pretty boring, or lack information due to the semester being so short, but Dr. Koch's lectures were informative, entertaining, and worthwhile. He also uploads movies/videos that go along with his lecture as well as readings, which result in us students actually learning and taking away valuable information from his class.
	the recorded video lectures from the professor
	The ideas to ethics essays are great and I really enjoyed the lectures.
	Everything taught me about the drugs and all
	<b>Question: Least effective learning aspects of course</b>
	N/A

	N/A.

	nothing....this was a great class
	If I had to pick something I would say some of the supplemental video content is “out of date” and could use more modern substitutes to be more engaging.
	<b>Question: Additional comments about instructor</b>
Koch	Definitely the most interesting professor I’ve ever had and probably my most favorite.
Koch	This was my favorite course of my entire time in college.
Koch	The absolute most caring professor that I have had in my college experience. Doing so virtually at that. Made me feel as if I was not just a number on a computer but actually paid attention to what I had to say and made my voice feel heard in my papers.
Koch	Definitely my favorite professor from tech so far! He is amazing. You can tell that he deeply cares for his students, and wants us to actually learn. As stated before, most summer classes lack information and the content is not very engaging. Dr. Koch actually took the time to put together engaging, entertaining lectures for us which I really loved! He is hilarious, caring, and so passionate about what he does and it shows greatly in all of his material. I will be seeking out more classes taught by him. Thank you for a great summer semester! :)
Koch	hes AWESOME, sensitive, funny and thought provoking! :)
Koch	I think this class is super important and everyone should have to take it!
